President's Message

Have a great September!

We are in the last push to keep all the pools looking their best! Clients will still be having swim parties until the end of September, so don't close down the pools yet.

You can help your customers extend the swim season by providing a solar blanket and getting the pool heaters ready with an annual cleaning and service program. This is a great way to add more time for your customers to use the pools and it will also ensure the heater is ready for the spa season going into fall. Pool and Spa heaters should be serviced at least once or twice a year! This is a great way to earn extra income for your company and provide a professional service to your customers! A typical heater service should cover cleaning out leaves and debris from the heat exchange and burner tray, and evicting any rodents that have taken refuge inside the heater. Check gas pressure and safety circuits/limit switches to ensure the heater is operating correctly. Also check the area surrounding the heater to make sure it meets safety codes and there are no over grown bushes or trees that may cause a fire!

Santa's Summer Getaway Update

We canceled Santa's Summer Getaway for 2020 due to restrictions with Sly Park and with COVID-19.

'Til next time, keep it clear.

Scott Houseman,
President

Sick Route

No one is out sick or injured.

Thank you for your support.

We still need someone to step-up and become our next Sick Route chairman. This is a great opportunity to give back to your chapter in a very vital way.

This position doesn't require a lot of time, until someone is out sick or injured. Fortunately, for our chapter, that is maybe once or twice a year.

Contact Scott for more information.

AB 2257 (Gonzalez) Worker classification: employees and independent contractors: occupations: professional services.

Summary: This bill exempts from the three-part ABC test for employment status and instead applies the test set forth in the California Supreme Court's *Borello* decision (1989) to certain occupations, subject to specified conditions. This bill takes the provisions of AB 1850 that have broad appeal and adds an urgency provision to take effect immediately upon approval.
