President's Message

This week is the official start of spring and the swim season. Parents and Children are home for Easter and Spring Break. The weather is now cooperating and allowing us to get pools set up for the summer. Solar systems and pool and spa heaters are in need of start up after sitting all winter. Pool and spa heaters need to be cleaned out and checked for safe operation. If you're uncomfortable with solar systems, and pool and spa heater start ups, and repairs, several of our chapter members and chapter supporters are more than capable of completing those tasks. Swimming pool water temperatures are warm enough to start adding salt to those salt pools. Don't forget Customers are getting their tax returns and have that money to finally replace some of the parts that have gone so long with out repair or replacement. This is also a good time to show them energy efficient products to help them save money on their energy bills. There is so much that needs to be done this time of year, get an early start. Suppliers are even available with longer hours that include being open on the weekends. For many pool companies

this time of year makes it or breaks it financially. If you need help please don't hesitate to ask for help, everyone in our chapter has their specialties. Tile cleaners, Plasterers, Solar installers, Heater Specialists, Safety fencing & cover installers, plumbers, and electricians, etc. are all at our finger tips. Use your resource manuals, newsletter or ask around the chapter to find the help. Many of the companies in our chapter offer referral pay outs for finding them work.

This months meeting is with Pentair, they're bringing dinner and a great presentation. You don't want to miss it.

Next month is the May table top. May 2nd. at the VFW hall at 8990 Kruithof Way, Fair Oaks, Ca 95628. Please don't miss it. This is a great way to get product education and see demonstrations. Not to mention our chapter supporters are the most generous, from offering prizes for our raffle to the free items that some give away at there tables. We will have bounce houses and a balloon artist for the children. Dinner is served at 6pm with music and fun. **Don't forget**

the Table Top BBQ counts as a meeting. Please make sure to sign in. Everyone is welcome to attend, so please bring the family and anyone who is interested in checking out our organization. We still need volunteers to help with the event, please call me 916-879-6923. See you there.

Many of the IPSSA organization members have found out the hard way that there beneficiary information is incorrect, potentially losing out on their benefits. Please make sure to call the IPSSA financial office to update and check that your beneficiary, and contact information is correct.

"Keep up the good work"
Sincerely, Gregg Simon

REQUEST FOR GRASSROOTS ACTION!!! Oppose Service Tax Proposals

Last week, SPEC sent out an Alert informing members that two bills were introduced in the California State Legislature that would establish a tax on pool service by adding sales tax to the monthly billing for such services.

AB 1963, by Assemblywoman Alyson Huber, would impose a blanket 4% tax on all services, except for medical, educational, auto repair, tax preparation, legal and agricultural services.

The second measure, AB 2540 by Assemblyman Gatto, specifically names “pool maintenance” as a one of the target list of 27 services where state sales tax would be imposed. To comply with the bill, pool service professionals would be required to add sales tax to their monthly invoices for pool services.

“These two proposed bills are sure to garner a lot of opposition from those that provide the 27 services targeted by this legislation,” said John A. Norwood, President of SPEC. “Pool and spa professionals have been targeted by these bills. SPEC and the service industry need a strong showing in opposition to defeat these ill conceived measures.”

AB 2540 is currently scheduled to be heard in the Assembly Revenue & Taxation Committee on April 9th. AB 1963 is also awaiting hearing in this committee.

SPEC is strongly opposed to both of these measures and needs YOUR help. We are asking pool service professionals and their employees to write a letter to Assemblymembers Huber and Gatto registering your opposition. In addition, send a letter to the members of the Assembly Revenue and Taxation Committee if you live or work in the district of one of the members of this committee.

SPEC has provided two templates for you to use in writing your letter. Please try to add as many details as possible to make the letter more personal. In addition, it is very important for you to let them know if you are a constituent (live in their district). If you need to look up your legislator(s), please visit: <http://www.leginfo.ca.gov/yourleg.html>.

For your convenience, attached to this Alert is a list of all of the members of the committee and their contact information. You will also find templates for letters attached

“Ideally we can generate hundreds of letters of opposition to the legislators on this committee,” stated Terry Snow, SPEC Board member and IPSSA representative. “Contact from district constituents can sway a legislator’s vote. It is very important that you ACT NOW! This is an important issue that affects YOUR business,” continued Snow.

Should you have any questions, please contact SPEC at (916) 447-4113.

About SPEC

SPEC, the California Spa & Pool Industry Education Council, serves as the statewide public policy representative for the pool, spa, and hot tub industry. We advocate on behalf of industry interests before the California Legislature and state and local regulatory agencies, and for individual members dealing with enforcement issues. Working daily on the industry’s behalf, we have an unmatched track record in successfully negotiating and fighting against unreasonable and costly legislation and for enforcement of unlicensed contractor laws. SPEC promotes the highest standards of professional conduct in pool construction, service, and repair, and seeks to educate the public on the proper maintenance and safe use of swimming pools, spas, and hot tubs. For nearly 40 years, SPEC has been the only organization registered to lobby at the State Capitol on behalf of the pool, spa, and hot tub industry. SPEC is funded by membership donations. For more information on SPEC and legislation we are watching, visit www.calspec.org, or call 916-447-4113.

California Service Tax Legislation

Service Tax Bills

[AB 1963 \(Huber\)](#)

This bill would impose a 4-percent state sales and use tax on services, except for medical, educational, automobile repair, tax preparation, legal and agricultural services. This bill would also reduce the state sales and use tax rate on retailers for the sale of tangible personal property from 6 ¼% to 4%. The bill would also reduce the personal income tax rate from 9.3% of the amount over \$32,600 to 2.75% for incomes below \$56,000 and 6.5% for income above \$56,000. The standard personal deduction for a single taxpayer would be increased from \$1,880 to \$25,000 and for the head of household from \$3,760 to \$45,000. This bill would take effect on January 1, 2013.

[AB 2540 \(Gatto\)](#)

This bill would expand the sales and use tax base to include 27 specified categories of services. “Pool maintenance” is one of the 27 specified services. This bill would also exclude from taxable income an amount equal to 20 percent of the business income of a personal income taxpayer, not to exceed \$10,000.

TEMPLATE – Grass Roots Letter

(Date)

The Honorable **(First and Last Name)**
California State Assembly/Senate
State Capitol, Room **(#)**
Sacramento, CA 95814

Dear Assembly Member/ Senator **(Last Name)**:

I am writing to you in opposition to AB 1963. AB 1963 would apply the California sales tax to the swimming pool service industry.

I am the owner of **(Business Name)**. I perform weekly or bi-weekly pool maintenance for about **(# of pools)** pools in the (Business Area) Area. AB 1963 will hurt my business and is not likely to accomplish its intended purpose.

The swimming pool maintenance business is dominated by very small businesses like mine. It is also a price sensitive business; many homeowners will attempt to do this job themselves if the price is too high. In my opinion, if AB 1963 is enacted I will lose business because: homeowners who cannot afford the price increase will terminate service; other pool service professionals will take business away from me because they will not pass the tax along to the homeowner; and the pool service business will be pushed into the underground cash economy. None of these outcomes result in this legislation achieving the intended purpose of raising additional tax revenue for the state of California. In fact, AB 1963 will likely bring in less tax revenue as more of the pool maintenance business goes underground and businesses like mine pay less in personal income tax and sales and use tax. I would expect there to be a corresponding increase in the number of unhealthy residential pools as well.

For all of these reasons, I am opposed to adding the sales tax to pool maintenance service and request your “NO” vote on this important bill when it is heard in your committee.

Sincerely,

(First and Last Name)
