President's Message

Public pools! If you are servicing a public pool the health department will be inspecting them for compliance with the VGB laws. If your pool is not in compliance with the VGB or if the paper work is not filled out properly the pool may be shut down and/or fined by the health department. The VGB work must be done by a licensed C-53 contractor. A permit must be pulled to

replace main drain covers, splitting equalizers or installing any VGB device. Now is the time to talk with your property managers before the health department inspects the pools.

‘Til next time, “Keep It Clear”

President

As we celebrate the Fourth Of July, with our Fireworks, and hot dogs, may we remember what this day is all about.. Don't let us forget those brave men and women that fought and died so that we might have the freedom to speak up when things are not as they should be...

The freedom to worship in churches of our choice. I don't know about you, but I still get "goose bumps" when I hear the song, "God Bless America", or when I stand and "Pledge Allegiance To The Flag".

So enjoy the holiday, but don't forget those that made it possible.

4th of July Fun Facts

30 is the number of places nationwide with "liberty" in their name

11 places nationwide have "independence" in their name

Five places nationwide adopted the name "freedom." Freedom, California, with 6,000 residents, has the largest population among these

One place in the USA is named "patriot" — Patriot, Indiana, with a population of 202

Only two people signed the Declaration of Independence on July 4th, John Hancock and Charles Thomson. Most of the rest signed on August 2, but the last signature wasn't added until 5 years later
